

Sacramento Area Womens Clubs Officers Guests Of Base; Get Courtesy Jet Rides

Fourteen Attend Second Annual Event

Fourteen officials of Sacramento area womens clubs were guests of the Base, last week, where they attended an all-morning briefing in the Officers Club, followed by luncheon and T-33 rides in the afternoon.

This was the second annual event of its type, the last one being held in November of 1957. Purpose is to spread the word among the women that the Air Force is a pretty good career for their sons and husbands, and to show them that jet flying isn't a dangerous occupation.

The program, which was scheduled each day for five days, started with a SMAMA briefing graphically shown by color slides. This was followed by a talk on the Family Service Center by Charlotte Cooper, dollars and cents facts and

figures explained by Lt Col F. D. Smith, and a rundown on religious activities by Chaplain Walter J. Osborn.

Luncheon over, the women were taken to the flight line, suited up in helmets and parachutes, and

given an hour's orientation flight in the "T-Birds."

Air Force officials hope in this manner to get young men interested in the Air Force, and to help keep in those who may be undecided about staying.

It is also hoped that a better understanding of aircraft noise problems and flight patterns will be taken back to the clubs.
